Importance: High

Mark,

This is a follow-up to Karin's message on Wednesday evening. Do you think it is better if you email Susan? Or do you want me to send her a note Thursday morning?

Below is a draft message that Karin suggested WED send on Thursday before the Weekly.

Thanks, Carol

Susan,

Region 10 is scheduled to provide an informational briefing for Dave Ross and Anna Wildeman on June 4 about the Lower Umatilla Basin nitrate contamination in Oregon. WED has been working with Region 10 since it received a SDWA Section 1431 petition earlier this year (attached for reference). WED intends to join the June 4 briefing. We wanted to flag it for you in case you have questions or plan to join. If you'd like, we can discuss at this afternoon's OCE Weekly.
